

GROUP WORK ASSIGNMENT SCENARIO

CONSIDER THE FOLLOWING:

Students are allowed to pick their own groups of 4-5 members to complete a performance task. They can also choose which role they want to do. The possible roles are time keeper, notetaker, researcher, and spokesperson. The teacher will provide each team with a planning worksheet. At the end they will have to give a presentation about their research. They will also have to submit a peer evaluation of how their team members contributed to the group. Students will receive a group and individual grade for the task.

- HOW DO YOU THINK THIS ASSIGNMENT STRUCTURE SUPPORTS EFFECTIVE COLLABORATION?
- IS THERE ANYTHING ABOUT THE ASSIGNMENT STRUCTURE THAT MIGHT PREVENT STUDENTS FROM BEING ENGAGED IN DEMONSTRATING THEIR LEARNING TOGETHER?
- WHAT WOULD YOU CHANGE ABOUT THE ASSIGNMENT STRUCTURE? WHAT WOULD YOU KEEP?
